

The race to Serbia starts!

The final tournament of the 10th Men's European Handball Championship in Serbia is still 449 days away. But the tournament already started in June this year with the Qualification Phase 1.

Based on the EHF National Team Ranking, 12 teams played out the remaining three places for the Qualification Groups in Phase 1. The three tournaments were played in Great Britain, Georgia and Luxembourg.

Estonia won Group A in London (GBR), Latvia made it to the next stage in Tbilisi (GEO) and Israel was triumphant in Luxembourg.

28 teams in seven groups

On 12 April 2010 the Qualification Phase 2 draw took place in Belgrade. Seven groups of four teams, this includes 25 teams plus the three group winners from Phase 1, will play qualification games with each three matches at home and away.

The qualification for the 14 places at the EHF EURO 2012 in Serbia will be carried out in 7 groups of 4 teams each. The teams will play a total of 6 matches with a home and an away match against each of the other teams in their group.

The teams ranked 1st and 2nd of each group will qualify for the EHF EURO 2012 in Serbia. The first two rounds are to be played this week, on 27/28 October 2010 and 30/31 October 2010.

Change in squad sizes

After input from various parties, the EHF Competitions Commission dealt with the issue of the amount of players for National Team Competitions in its regular meeting over the weekend.

After balancing different aspects, it was decided to raise the number of players being used during a match of the EHF EURO 2012 Qualification from 14 to 16 with immediate effect. This decision was taken in the interest of the teams and players.

Therefore a maximum of 16 players is now allowed for the matches of Round 1 and 2 of the EHF EURO 2012 Qualification (27 to 31 October 2010) and subsequent rounds.
